

We are looking to showcase your live apprenticeships from our KATO members (and partner networks) each week during our Sessions with young people being supported on Talent Match and Launch Pad Swale across Kent, East Sussex and Essex.

If possible on a weekly basis (or when relevant for yourselves) could you send over a folder with your top 5 live vacancies.

We then can not only showcase your opportunities on our website

<https://employerandskillsnetworktmse.org> but also support young people in applying to current roles. However don't forget you can also upload your live apprenticeships yourselves by following the link below, just please give us heads up.

<https://employerandskillsnetworktmse.org/apprenticeships-and-traineeships-offers-form/>

We predominantly are looking for intermediate level apprenticeships however feel free to also share advanced and higher.

It will be lovely to work alongside our network to support Talent Match and Launch Pad.

Any queries please feel free to ask.
